

# PAPER INSULATED STRIPS

The Paper Insulated Copper Flat/Round Wires are made from high class electrolytic copper and wrapped insulated paper. The Paper Insulated Copper is tested as per the IS, BS & IEC guidelines by the Quality Control Department. Various tests such as physical, mechanical, electrical, thermal etc. are carried out before the dispatch of the final products. The production process is demonstrated in the chart below.

## PACKING

Available in wooden reels in weight of 20/30/50 kgs

## WRAPPING METHODS

50% overlapping as per the standard or as per the customer requirement.
